

REMARKS

This Amendment is in response to the Restriction Requirement mailed on March 16, 2007 and the Office Communication mailed on April 30, 2007. With this Amendment, claims 12-17 are amended.

The Applicant hereby elects Invention I for examination. It is believed that at least pending claims 1-20 read on the elected species and at least claims 1, 12 and 18 are considered generic. All pending claims 1-20 should be considered for examination since all pending claims 1-20 are drawn to determining mass unbalance of an actuator based on VCM current information without processing circuitry. Consideration and favorable action are respectfully requested

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to deposit account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
